**Stark Trees Are Worth
More Than We Ask.**

"It is seldom that I have a chance to write a letter thanking a company for their excellent products. For, in these days, it is seldom that you get more than what you pay for.

When I received your letter in answer to my letter asking for prices on pear trees, you stated that you would send me trees that I would like to plant and be proud of. That, sir, is an under estimation in my opinion after looking the trees over. The fact is, anyone would be proud of them. After comparing the trees for size and growth with trees that I bought from nurseries in this state and planted, some of them as far back as two years ago, I realized that I got more than my money's worth from you.

In appreciation for what you have done for me and as a suggestion that might help your sales in the northern vicinity, may I make a remark that you do not seem to stress enough that your trees will grow as good up north here as trees bought from this locality. As far as I can see, they are doing as good —even better than trees bought from northern nurseries."

John Yanik, Wayne County, Mich.

STARK BRO'S AMAZING NEW DWARFS

BETTER AND STURDIER THAN ANY OTHER DWARFS

NOW You Can Grow Your Own Delicious Tree-Ripe Fruit — !!! Even in Tiniest Back Yard — with STARK HARDY DWARFS

Giant-Size Fruit QUICKER from Trees No Bigger than
a Dining Table. You Can Plant 5 Times as Many Stark
Hardy Dwarfs as Standard-Size Trees in Same Space.
Trees Sold ONLY by Stark Bro's.

Dreams of millions of town and city families are
now coming true when they plant Stark Hardy
Dwarf Apple and Pear Trees.

They are picking Giant-Size, Deliciously Fla-
vored, Vitamin-Filled Apples and Pears from
their own trees—even if their yards are tiny ones
that go with 30 or 50 ft. city lots.

DON'T NEED A LADDER TO PICK THEM

Trees are so small, you don't even need a ladder
to pick the fruit and care for trees. Yet strong
and sturdy enough to give you bushels of Big,
Juicy Apples or Luscious Pears all Summer, Fall
and for Winter use if you plant several Dwarf
Trees ripening in succession.

FRUIT IS GIANT SIZE

It's amazing, yet Apples and Pears grown on
Stark Dwarfs are Giant-Size—as Large or Larger
than the same variety grown on Standard-Size
Trees.

SAME DELICIOUS FLAVOR

Apples and Pears are just as good as they are

when grown on Standard-size trees—just as fine
in every way.

BEAR EVEN QUICKER

"Stark Hardy Dwarfs in my father's back yard
are surely amazing," says Harry Guengerich.
"When only 2 years old, they had a nice crop.
This (3rd Year) they are simply loaded."

USE THEM IN A DOZEN PLACES

These Amazing Stark Hardy Dwarfs are so small
they will fit in a dozen places around the yard
—one on either side of the doorway—Wherever
you need a Tall-Growing Shrub.—At corner of
house—in Patio—Trained on Wall or house or
garage, etc., or as a "Vest Pocket Orchard" at 8
to 10 feet apart.

(Commercial plantings 15 to 20 ft. apart)

PROUD OF STARK DWARFS

"I have 4 Dwarf Apple Trees bought of you a
little over 2 years ago and they have had apples
on them two seasons. The Golden Lodi had 52
large apples this year. I am very proud of them."
H. Q. Jones, Miss.

Doctor Picks Apples from 2-Year Dwarfs.

"On March 1950 we planted 8 of your
dwarf apple trees. They made good
growth beyond all expectations. In 1951
they blossomed (some of them heavily)
and 5 of the 8 bore fruit. A Stark Golden
Delicious had 39 apples on it. (15 on
one limb). A Stark Jonared had about
20 apples."

Franklin E. Cutler, M.D.
Lincoln County, Oregon.

300 Apples from Two 2-Year Dwarf.
"February 1949 I purchased from your
firm two Stark Golden Delicious and
two Starking Delicious Dwarf Apple
Trees. Last year, 1950, the Golden's
had a few apple and this season I picked
nearly 300 apples from the two trees. I
am sure pleased with them and they are
a source of admiration by all my
neighbors."

C. J. Pine,
Lake County, Calif.

Stark Dwarf Trees Hardy in Minnesota.

"Last Spring you shipped 6 of your
Dwarf Apple Trees to me. At the time
there was some question in my mind as
to whether they would weather the winter
or not. They have come through an
unusually severe winter in fine shape
and look as good or better than our
native trees."

Ferd Kosec,
Goodhue County, Minn.

Pleased with Stark Dwarfs.

"The one dozen dwarf apple trees sent
me last autumn are all out in leaf and
the dwarf apple trees sent me just a
year ago are in blossom and probably
will bear fruit this year. I am very
much pleased with them."

Fred W. Manning,
Santa Clara County, Calif.

Dwarfs Extremely Popular.

Western New York fruit tree grow-
ers report an unprecedented demand for
dwarf fruit trees. The dwarf trees take
up less room than their standard-size
brothers. In huge suburban housing pro-
jects, where lots are usually small, they
are extremely popular.

Trees Arrived in Excellent Condition.

"Although my order was only a small
one, I received it in excellent condition.
I was very pleased with the care taken
in the packing of the trees to insure
their arrival in a good condition. If the
trees don't grow I can blame nobody
but myself..."

WHY Stark "Quadruple Life"

Trade-Mark

Process Dwarfs Are SUPERIOR TO ANY OTHER DWARFS

Four Separate and Distinct Parts

In producing Stark Quadruple-Life Hardy
Dwarf Trees, four separate and distinct parts
are required.

These are grafted by Stark Bro's Patented
Process.

1st Part—Special Nurse-Root French Crab type
seedling grown especially for Stark Hardy
Dwarfs.

2nd Part—The Special SUPER-HARDY Crab is
grafted onto Nurse-Root. This combination
graft is planted extra deep to encourage devel-
opment of Hardy Crab Roots with Extra
Hardy Trunk.

3rd Part—A Hardy Clark Dwarfing Section from
Iowa is grafted on the Special Super-Hardy
Crab Trunk.

4th Part—The desired Stark Record-Bearing
Strain Variety such as Stark Golden Delicious,
Starking Delicious, or Stark Red-Gold, is
grafted on top of the Hardy Clark Dwarfing
Section. This develops into the Broad, Spread-
ing, Well-Branched Top of these Quadruple-
Life Dwarf Trees.

Only from Stark can you get these Quadruple-Life
(Trade-Mark) Hardy Dwarf Fruit Trees.

Gentlemen:

The two snapshots enclosed are of
a Stark "Golden Delicious" Dwarf
planted in April 1950. The pictures
were taken October 1952. That, if I am
correct, is 29 months. This same tree
had a few apples the year before (1951).
In 1952 I took off a few more than 1/2
bushel. You can observe size from the
snapshot.

A "Lodi" planted the same time had
a peck of fine apples. I believe we
picked them late in July. I am sure
pleased and have recommended Stark
Hardy Dwarf Apple Trees to many of
my friends.

"My Starking Delicious Peach Trees Bore Just 1 Year 2 Months After Planting."
H. F. Smith, Ark.

"Ripens Earlier Than Redhaven"

"My 2-Year Starking Delicious trees have ripe peaches on them. I could hardly believe you or Mr. Smith, the originator, when you said Starking Delicious ripens ahead of Redhaven, but it's really so—a whole week or more earlier. In fact it seems to fit in exactly where we need a peach so much."—J. T. Bregger

STARK GOLDEN DELICIOUS

A Lucky Mountaineer Discovered Gold in a Tree!

—a discovery that is producing more wealth for Americans than ever came out of a gold mine

"I followed a 1,102-mile trail, by bus, horseback and on foot," said Paul Stark. "to pay a mountain orchardist \$5,000.00 for the mother tree of Stark Golden Delicious."

"One April day some years ago, three wonderful yellow apples reached us from a West Virginia mountaineer-orchardist who wrote that they were a new, heretofore unknown variety. When my brother, Lloyd C. Stark, bit into one of the golden apples, the flavor amazed him. They were like Grimes Golden—they were shaped like Stark Delicious! they tasted like Stark Delicious! Our experts were summoned. The commotion that resulted was tremendous! That Fall I started on 'The Trail of the Golden Apple' to the farm of Mr. A. H. Mullins, on whose place the golden apple had grown."

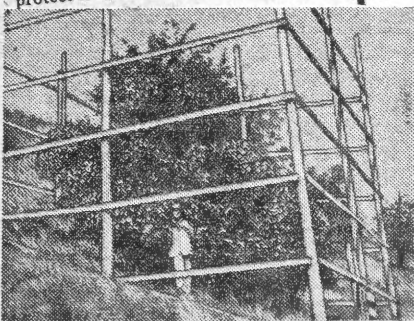

"Back of the house I saw an orchard. But—all the trees I could see were nothing but wild seedlings—miserable runts. Dejected and sick at heart, I turned around to leave—when I SAW IT!

"There, looming forth in the midst of small, leafless, barren trees, was one tree with rich green foliage that looked as if it had been transported from the Garden of Eden."

"That tree's boughs were bending to the ground beneath a tremendous crop of great, glorious, glowing apples!"

"I started for it on the run. A fear bothered me. 'Suppose it's just a Grimes Golden after all.' I came closer and saw the apples were 50 per cent larger than Grimes Golden. I picked one and bit into its crisp, tender, juice-laden flesh. Eureka! I had found it! The long sought-for perfect yellow apple had been discovered!—The Trail of the Golden Apple had reached a successful end!"

"Before I left I made arrangements to pay Mr. Mullins \$5,000.00 for all rights to this original Stark Golden Delicious Apple Tree and to build a burglar-proof cage to protect it against theft of its buds."

The original \$5,000.00 Stark Golden Delicious tree. Shown here in burglar-proof cage built around it erected to protect it from bud or scion theft

"The Finest Apple In All The

Stark Golden Delicious is the WORLD'S CHAMPION yellow apple. And how it bears! Big, luscious golden fruit has been picked off 2-year trees all over the world.

Whether you plant one tree or a thousand, this gorgeous golden giant will prove to you—bushel for bushel and dollar for dollar—that it is the world's QUICKEST, HEAVIEST bearer.

Extra large, premium size. Rich, cream-colored flesh just bursting with luscious juice—sweet, yet spicy. As juicy as a perfectly ripened pear.

This is the big, sunny-gold, peak-of-perfection apple that will bring you top prices every season. It is always a good, solid, juicy late-keeper—keeps

\$52 Crop From Single 7-Year Stark Golden Delicious

Recently Carl Kirn, of Calhoun Co., Ill., sold over \$4,000.00 worth of fruit from just 9½ acres—all Stark Trees, planted on hilly land—land too steep for ordinary farm crops.

His greatest profits came from Stark Golden Delicious, Starking and Young-Bearing Jonathan Apple Trees. Some Stark Golden Delicious trees bore 20 Apples at 2 years old—a good crop at 3 and 4 years, and every year since. He says that his 7-year-old Stark Golden Delicious Trees bore 15 bushels and cashed him \$52.00 per tree, and he sold his entire crop of Stark Golden Delicious and Starking Delicious for \$3.50 a bushel while still on the trees.

"Unbelievers Came for Miles to See Stark Trees Bearing at 2 Years"

"I would rather give you FIFTY DOLLARS for one of your trees than ten cents for a tree of any other company, and I bought from most of them."

"Burbank July Elberta bore 2 bushels of peaches the second year."

"Stark Golden Delicious Apple bore the second year—the only apples around here. Also had cherries on Stark Gold Tree the second year."

"People wouldn't believe me when I told them. So they came for miles around to see for themselves."—Alfred F. Langlais, Massachusetts

Even Newspaper Reporter is "Stumped" to Describe Its Glorious Flavor

(From Baltimore Sun)

Attending a Horticultural Show our reporter was handed a huge, gold colored Apple and told "Here, try one of these."

This apple was clearly something special, and our correspondent, whose respect for anything edible is terrific, approached it with care.

First, he examined it—turning it this way and that to admire its opulent form, its delicate coloring.

Then, he smelled it—inhaling its rich fragrance with pleasurable anticipation.

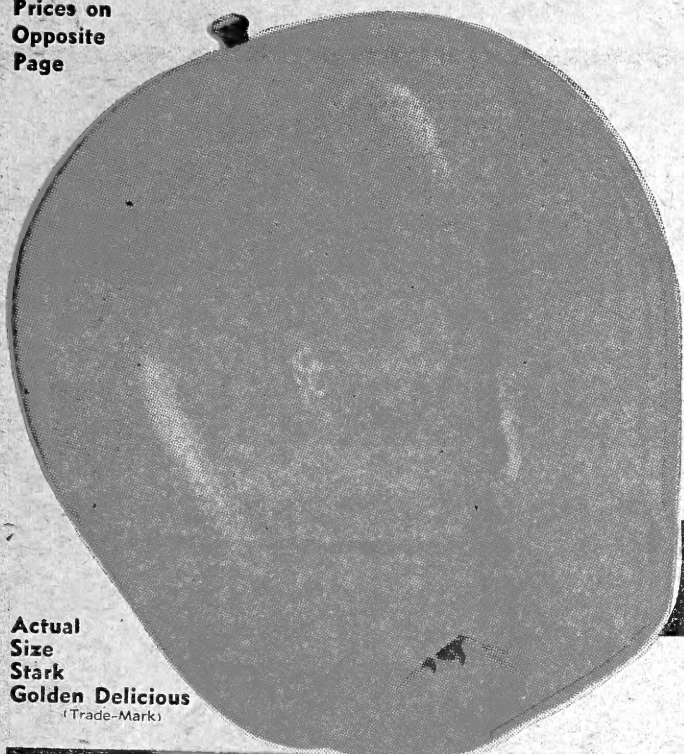

Then, reverently, he sank his teeth into it. This apple, as he tells us, was a far cry from the ordinary apple of the marts of trade. It had a firm and agreeable texture, crisp but yet touched with a faint trace of sprightly and spicy acidity. He says there is no English word to describe such glorious flavor, but the French would say it had "un gout relieu."

"That is a Stark Golden Delicious," he was told when he had eaten this delight-giving apple—famous for its flavor and for its fast-bearing."

**The Supreme Stayman Winesap! Bears Quicker. Flaming Red All Over
Weeks Sooner! Stays Crisp and Juicy All Winter**

Stark Bro's paid nearly \$1,000.00 a foot for the original limb and tree of this most valuable of all the great Stayman Winesap Family! A glossy, fiery, all-over-red, with spicy, juicy, crisp flesh of "sweet but tartish" flavor. Scarlet Staymared makes handsome eating right off the tree. Champion cooks prize it for mouth-watering pies; for cobblers, dumplings just oozing with juice; for tangy apple butter and crystal-clear jelly. And for sparkling, zingy cider, it beats all other Staymans ever known. A brilliant red **30 days ahead** of ripening time. One of the **biggest** of all apples.

So distinctive in its flashing red color and giant size, it was awarded a U. S. Patent. Bears young, with enormous crops. For **Eating, Cooking, Cider, Market.**

The big, new apple that **IMPROVES** on all of Jonathan's famous good points—and does away with the old Jonathan weak points! Jonared (for which the original tree cost us \$2,000.00) is the **ONLY** red Jonathan sport to win a U. S. Patent! Turns bright, all-over-red color about 2 weeks sooner—ready to pick while still solid, before there's risk of loss through dropping. Fine pollenizer.

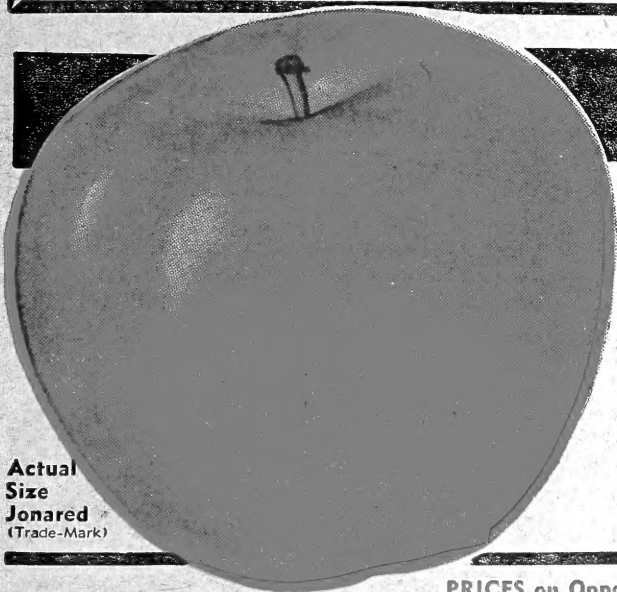

Jonared has all the wonderful, prized Jonathan flavor; it's big and almost **TWICE** as red—a bright, solid blazing red without one sign of stripe! One of the most beautiful of all red apples, Jonared's rich, spicy, tangy flavor makes it a delicious and handsome fruit for your Home Orchard and a premium-price profit builder in every section. In great demand for **Eating, Cooking, Cider, Market** Trees thrive in North, Central, South.

Trade-Mark

**Stark New Double-Red Rome Beauty is the Largest, Reddest Strain.
World's Best Baking Apple**

The triumphant answer to the demand for a big, flashing all-over-red Rome Beauty Apple that keeps firm and juicy all winter long. One of the latest keepers of all apples—in good condition when apples come again. Hotels and Restaurants eagerly pay premium prices for Stark Double-Red Rome Beauty Apples for appetizing Baked Apples, Pies and Desserts. Popularity is growing every year as growers acclaim it one of the surest, youngest bearers and biggest money makers! Trees Thrive North, Central, South.

"One of Most Valuable of 50 Varieties"

"I am sending you sample of Stark Double-Red Rome Beauty, one of the most valuable of 50 varieties. Good pollenizer. Annual bearer—commencing at young age. One of the best keepers. So attractive it sells well."—L. I. Clinton, N. Y.

"Best Red Rome"

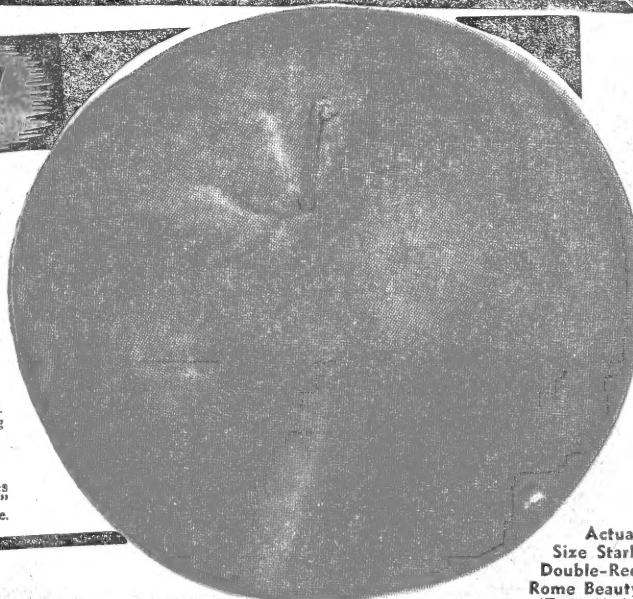

"Your Stark Double-Red Rome Beauty is best of all Romes tested here. Uniform in size and the color is always perfect."—W. S. Blair, Supt. Dominion Farms, Nova Scotia.

"Late Spring Bloomer—Skips Frosts—Bears Every Year"

"Very best apple for this climate. Bears annually. Blooms late and frosts do not greatly affect its bearing qualities."—F. M. Jones, Santa Fe Co., New Mexico.

"Brings Highest Prices"

"I planted the first Stark Double-Red Rome Beauties in Colorado. Am now getting \$3.00 to \$3.50 a bushel."—W. S. Coburn, Colorado State Board of Horticulture.

STARKING DELICIOUS

Trade-Mark

America's Most Valuable, Most Deliciously Flavored Red Apple

Here is the **FINEST** red apple in the whole wide world! — the shining, solid-ruby-red giant that glows on the counters of the highest-price luxury stores in America and floods the air with its wine-like perfume. Here is the **MASTER** apple that puts the crowning glory on the nation's most expensive baskets of fruit—the "dream" eating apple prized above all others in deluxe clubs, fine hotels and restaurants throughout the land. The apple which has **NEVER** been equalled for magnificent color, mammoth size, crackle-crisp flesh, deeply exciting sugar-'n-spice flavor as tantalizing as the fragrance of an old-fashioned garden!

And this is the apple, the matchless **STARKING DELICIOUS**, that **YOU** can grow right in your own back yard!

For commercial growing, Starking Delicious is the world's most popular and most profitable red apple. In the past 25 years this one variety has built some of the greatest fruit fortunes in America. Because it turns full-red before it ripens, it can be picked crisp, for late keeping—becomes "money-in-the-bank" for you weeks sooner—keeps perfectly right through the Winter months. All ready to cash in on fancy Spring prices long after ordinary apples have disappeared from the market. The world's finest red eating apple. Tops in all quality markets. America's best red money-maker, producing big money crops everywhere—**North, Central, South.**

"THEY PUT ME ON EASY STREET"

(Photo at left)

"When I planted 250 Starking Delicious Apple trees I was heavily in debt on a small farm, but in a short time these trees began to bear and in no time at all they put me on 'easy street'—making me \$3,000.00 to \$6,000.00 per year. Not a bad income for an old man 80 years old. When I say apples, I consider Starking Delicious the finest in the world."—J. E. Parish, Calif.

"BORE 4 TIMES WHAT I EXPECTED"

"Last year I harvested a big crop of Starking Delicious Apples. I was never so gratified in the quantity produced, the excellent color and size of the fruit and also in the price—\$3.70 a bushel right at the orchard.

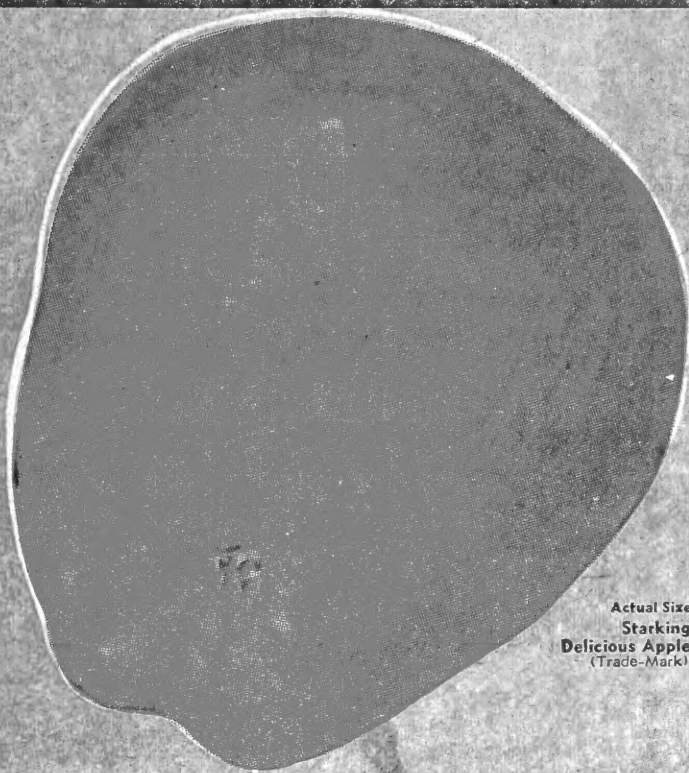

"When I first started to pick these Starking Delicious I thought I would have about a carload—500 bushels—but I picked four cars of them, totaling 2,000 bushels.

"When the buyer had his last bushel loaded on the truck he patted me on

the back and said 'I sure got a bargain in those apples—you should have got \$4.00 for every bushel of them—because every bushel of them is Extra Fancy'."—Paul Ringhausen, Calhoun County, Illinois.

"SAVED US DURING DEPRESSION"

"I have 165 trees of Starking Delicious purchased from you which really saved the day for us during depression years. This small block (2½ acres) grossed me \$17,350.00 the last 6 years."—A. Miller, Ore.

"Got \$5.00 a Bushel for My Apples — \$2,229.80 from 2 Acres of Stark Trees"

Walter H. Atherton of N. M. told us that he sold a \$2,229.80 crop from his 2 acres of Stark Apple Trees this year. He said his local stores paid him \$5.00 a bushel for his No. 1's and that each tree bore over \$30.00 worth of fruit.

10 BU. FROM 7-YEAR TREE

"About 7 years ago I planted 2 Starking Delicious and 2 Stark Golden Delicious trees. They bore the 4th year and this year my best Golden Delicious had 10 bushels. My Starking Delicious were not quite so prolific, but I had plenty that measured 12" in circumference.

"Mississippi may not be an apple state, but if anyone will plant Stark trees and care for them, they will never be disappointed."—Douglas D. Weeks, Miss.

\$1,020.18 Worth of Apples From \$2.50 Stark Tree

"In 1921 my father and mother sent you their picture standing beside a 3-year-old Stark Golden Delicious apple tree bearing 1½ bushels of big golden apples.

"Here is a picture of me standing beside that same tree in 1948 from which my son has just picked over 19 bushels of big, juicy apples. We estimate that we have harvested about \$1,020.18 worth of Apples from this one tree that cost my father only \$2.50. I might add that we were very conservative in making this estimate."—A. Johnson-Mapes (Daughter Albert Johnson, Ore.)

STARK EARLY SUMMER APPLES

A201 Stark Earliest** — New. U. S. Patent 642. — Now Stark Bro's can offer their customers the apple for which we have been searching for many years! An apple that ripens as early as cherries—and is really good to eat right off the tree.

Stark Earliest is a strikingly handsome apple with a flashing crimson cheek. It was picked in our orchard at the same time as the Gold Cherry crop last year. Can be picked over a period of two or three weeks (almost an "everbearing" apple)—is ideal for home orchard and roadside market and should be an excellent shipper.

Medium size—larger than Transparent—with scarlet red color that strikes the eye clear across the orchard. Flavor is mild and pleasant—good to eat right off the tree—not acid like other early apples. Fruit ripens about a week to 10 days before Yellow Transparent is ripe. Stark Earliest is by far the earliest apple in our Test Orchards. Cooking, Eating, Market. Available in both Standard and Dwarf Trees. Patented, Introduced, and Trees sold ONLY by Stark Bro's. NNCS.

A5 Early Red Bird***—Trade-Mark—Very Early fiery red apple that should be in every Home Orchard to give the family extremely Early apples for Eating fresh, tempting pies, cobbler, dumplings and apple sauce.

And it's just what the Early Market Apple Grower wants for big profits! Often brings double the price of Transparent and is blight resistant. Fine for Cooking and Markets in all sections. NNCS.

A9 Yellow Transparent — Very Early. Crisp white flesh. Juicy, slightly sub-acid. Sometimes blights. An old favorite for Cooking and Local Markets. Lodi is better. NNCS.

A200 Lodi, Early Golden*** — Very Early. Sprightly rich flavor makes Lodi, Early Golden a top favorite in the kitchen for mouth-watering pies, desserts, cobbler, dumplings and sauce. It's good for eating, too, when fully ripe. NNCS.

A225 Early McIntosh — Same beautiful crimson color, tender, crisp, juicy white flesh of McIntosh—ripe about 6 weeks earlier than McIntosh. NNCS.

STARK SUMMER & FALL APPLES

A204 Summer Champion** — Trade-Mark — Best Summer Apple. Large. Bright red. High quality. Keeps and ships well. Tree Hardy. Quick bearer. Best of its season for Home and Commercial Orchards. Ideal for Eating, Cooking, Market. NNCS.

A203 Stark Jon-Grimes** — U. S. Patent — New "Frost-Proof" Apple. Won First Prize at Stark-Burbank Fruit Show! A big, beautiful late Summer Apple — with stripes of flashing red that gives it a striking appearance on the trees and markets. Flavor so tantalizingly different that one apple makes you reach for another — medley of Jonathan spiciness and Grimes Golden Sweetness—its golden flesh is crisp, firm and juicy. A wonderful apple for Eating and for Cooking too! Ideal for Home, Roadside, Local and Commercial Orchards. NCS.

A202 Wealthy, Double-Red*** — Trade-Mark — Best Fall Apple. Brilliant, flashing red—twice as red as old Wealthy. Medium to large. Quality superb. Wonderful wine-like flavor. Tree hardy. Bears extremely young and every year. Best of its season for Eating, Cooking, Cider, Market. NNCS.

A205 Stark Florence Crab** — Best Red. NNCS.

A206 Virginia Crab** — Valuable. Extremely Hardy. NNCS.

A207 Dolgo Crab — Solid Red. Fine Ornamental. NNCS.

STARK WINTER APPLES

A10 McIntosh, Double-Red** — Beautiful crimson. Tender, juicy flesh is crisp, delicate—almost snow-white. Tree long-lived. Hardy. Bears quick. NNCS.

A7 Grimes Golden, Double-Life** — (Trade-Mark) — The famous, spicy Grimes Golden Apple—for over 50 years a quality favorite. Possesses an alluring flavor that is surpassed by only one yellow Apple—Stark Golden Delicious.

Stark "Double-Life" Process prevents collar rot and results in a tree that lives far longer and produces many more apples. Stark "Double-Life" Grimes Golden Trees are Trade-Marked and Sold ONLY by Stark Bro's. NCS.

A6 Stark RedGold*** — U. S. Patent—NCS.—Page 5.

A3 Jon-A-Red*** — Trade-Mark—NCS.—See Page 4.

A211 Northern Spy, Double-Red** — New. Bright all-over-red color has been added to all the good points of Northern Spy. Large. Flesh crisp, firm and juicy. Good for eating. Ideal for cider and pies. Trees vigorous, hardy. NNCS.

A219 Cortland — A Late McIntosh. Larger, brighter red. Flesh is firmer and just as juicy. For Eating, Cooking, Cider, Market. NNCS.

STARK LATE WINTER KEEPERS

A1 Starking Delicious*** — Trade-Mark—NNCS. Page 5.

A8 Rome Beauty, Double-Red** — Trade-Mark — NCS. — Page 4.

A208 York-A-Red** — U. S. Patent—Solid red. Great favorite with commercial growers. Fruit large, crisp, firm. Very late keeper and wonderful shipper. Tree vigorous, Hardy Heavy Bearer. NCS.

A2 Stark Golden Delicious*** — Trade-Mark — NNCS. — Page 3, 4 and 5.

A4 Scarlet Staymared*** — Trade-Mark—NCS. Page 4.

A220 Turley Winesap** — Giant Winesap. Better flavored. Deep red. Keeps till late Spring. NCS.

A11 Stark Winesap** — New Red Strain. Late Winter Keeper. A colorful improvement of the popular Winesap Apple. Rich wine flavor. Bears big crops. World-famous late-keeping winter apple, which is growing in popularity in the East, Central West and far West as orchardists learn how to grow this big red apple to perfection. Good for eating with its wine-like flavor. Fine for Pies, Cobbler, Sauce, Canning and Market. NCS.

HOW TO SELECT VARIETIES FOR BEST CROSS-POLLINATION AND HEAVIER BEARING

Many fruit varieties need some other variety growing nearby so that the blossoms may be cross-pollinated, otherwise they will not bear fruit as heavily as they should. Check each kind of fruit carefully below and be sure you have ordered enough different varieties of each kind of fruit to insure heaviest production in your orchard.

APPLES. Be sure you have at least 2 or 3 different varieties of apples in the same orchard or in your neighborhood. **PEACHES.** Most peach varieties are self fruitful and will bear by themselves; however, to assure larger crops it is usually safer to plant at least 2 other varieties. **PEARS.** Be sure to include at least 2 pear varieties. **CHERRIES.** Sour cherries or pie cherries are self-fruitful but be sure you include at least 2 varieties of sweet cherries, one of which should be strong pollinizer like Black Tartarian Improved or Stark Gold. **PLUMS.** Use several varieties of plums if possible, at least 2 different varieties. **APRICOTS.** All our apricots are self-fruitful. **GRAPES.** Plant 2 or more varieties of grapes.

STARK ORCHARD FERTILIZER

(FOR USE ON ESTABLISHED TREES)

Spectacular Tree Growth, Increases Crops Up to Double in Yield, Improves Size and Quality of Fruit.

Here is a New Concentrated Fertilizer especially made for bearing trees. It is high in Nitrate—Powerful. A little goes a long way. Only 34-lb. to each inch of diameter of trunk of tree. You can actually see the trees take on new luster. Foliage becomes a richer green in color and growth is greatly increased. **MORE FRUIT—LARGER FRUIT—HIGHER QUALITY FRUIT** result when you feed your bearing trees Stark ORCHARD Fertilizer.

FOR BEST RESULTS, scatter on ground under the trees just before growth starts in Spring. Or for immediate results on Apple Trees, dissolve in water and spray on foliage.

"NOW It's Fun to Spray"

"I didn't spray with anything but Stark Combination Spray and it sure does the work. I take people out to see the big, fine red apples. I can grow fine apples and you can, too, if you use Stark Spray"—J. P. Jackson, Ill.

"It is the best spray we have found and would use no other—saves time, eliminates waste."—Mrs. Anna T. Medlin, Va.

"I can't say enough about Stark Combination Spray. It is very important to the home fruit grower."—John E. George, Ohio.

"I used to dread to spray even the few trees I have. NOW it's fun!"—Jos. Resink, Ind.

"It is the best spray I have ever used. I sold some to my neighbors and they liked it, too. It did the work."—C. W. Schraeder, Wisc.

"It saves time, money and, best of all, it saves fruit."—Mrs. Ida Gibbs, Texas.

"The EASIEST spray material to use that's available."—H. T. Waller, Va.

"It's the finest all-around 4-way spray. Fine for trees and fine for fruit."—Beatrice M. Forsythe, N. Y.

"It enabled me to win First Prizes on all varieties of Apples I entered at Lamar Fair."—Chester Bateman, Mo.

"It makes the spray program a pleasure."—A. W. Kadel, Iowa.

"It couldn't be easier, more convenient or quicker to use."—Robert Wilking, Ill.

Stark COMBINATION Spray is so concentrated it takes very little to make enough liquid spray to do the job—1/2-lb. package makes 8 gallons of liquid spray. It costs only about 7c for enough material to spray a 5-year bearing Apple, Peach, Plum or other fruit Tree.

Stark Very Early Peaches

A119. Early White Giant

New U. S. Patent ***

Earliest Ripening Big White-Fleshed

Freestone. At last you can know the

palate-tempting enjoyment of fine

Freestone Peaches earlier than ever

before. Big, luscious, creamy-white

peaches, chock-full of delicious juice.

Easy to grow in your own back

yard. A profit-maker for local mar-

kets. Escapes most pests. To insure

top size thin fruit to 5 inches apart 3

weeks after blooming. Early White

Giant now comes to you in all its

flashing beauty of fiery red, splashed

over rich white—plus mouth-watering

flavor—as the first of all Freestone

Peaches to ripen — 48 days before

Elberta. Ready to eat right after cher-

ries and before any other Freestones

are ripe. For Eating Fresh, in a won-

derful Peaches-and-Cream combina-

tion, for delicious desserts, you will

want to grow your own family supply

of these giant peaches. Heavy Bearers

and Sold ONLY by Stark Bro's. NCS.

U. S. Patent ***

Patent: New Earliest Yellow-Fleshed

Freestone. Luscious flesh is a rich, clear

yellow. Medium size. Very fine when

fully ripe. Best of the season—

7 weeks ahead of Elberta. For the

Home, Roadside and Local Market

Gardens even in sections where few

peaches thrive. NCS.

A45. Elberta Queen

*** Stark Strain

A Larger, Rounder, Richer Yellow

Improvement of Elberta. Beautiful

red blush—ships well, sells well—often

bringing 50c to 75c more per bushel

than old Elberta in same orchard.

Elberta Queen, Stark Strain, is re-

placing (old) regular Elberta as the

leading commercial peach, due to its

superior quality, larger size, better

color, better flavor, rounder shape,

better shipping ability and adaptabil-

ity to all peach growing sections.

The Standard by which all other

peaches are judged. Ripe in Missouri

August 20-25.

Hardy, young bearing, heavy pro-

ducing trees. Eating, Desserts, Can-

ning, Cooking, Drying, Markets. Our

True "Queen" Strain Elberta Intro-

duced and Sold ONLY by Stark Bro's.

A104 Fairhaven***

Early Ripening Yellow Freestone

This new hybrid cross between J. H.

Hale and South Haven has produced

one of the finest peaches ever intro-

duced by the famous fruit hybridizer,

Stanley Johnston, of So. Haven, Mich.

Experiment Station.

Fairhaven combines the firmness,

shipping ability and beautiful coloring

of J. H. Hale with the reliable hard-

iness and heavy bearing characteristics

of South Haven. Flavor is even more

delicious than that of either parent.

This is the perfect peach to fit into

your harvest between Starking De-

licious and Burbank's July Elberta. An

annual bearer, even under adverse

weather conditions. Fine for Eating,

Cooking, Canning, Freezing, Market.

DWARF SHRUBS

Use Shrubs below in front of larger shrubs, low foundations, entrances.

C513 ALMOND, Flowering
Grows 3 to 4 feet in height. This is one of the old fashioned favorites. Blooms in early Spring. The branches are almost entirely covered with rose-like, pink blossoms in the early Spring.
1 1/2 to 2 foot size, \$2.25 each
2 to 3 foot size, \$2.50 each

C592 BARBERRY, Green Leaf
A thorny, all-purpose, compact, bushy dwarf shrub that is attractive when allowed to grow naturally to its usual height of about 3 feet or when trimmed to any desired height. Very popular for Hedges, shrub borders, foundation plantings or entrances. The small rich green leaves turn to shades of brilliant orange and scarlet in Autumn and the bright red berries hang on the bush all winter.
1 to 1 1/2 foot size, \$1.20 each
1 1/2 to 2 foot size, \$1.40 each
See Hedge Plants for Quantity Prices

C578 BARBERRY—Red Leaf
Beautiful new red-leaved sport of the Green Leaf Barberry, prized for its bright foliage. Rich, lustrous foliage the entire season. Like Green Leaf Barberry except for its bronze-red foliage.
1 to 1 1/2 foot size, \$1.70 each
1 1/2 to 2 foot size, \$1.95 each
See Hedge Plants for Quantity Prices

C554 CORALBERRY, Improved
Very attractive, low-growing shrub equally at home in deep shade or full sun. The light pink flowers in early summer are followed by clusters of large, pink berries which hang on well into the winter.
1 1/2 to 2 foot size, \$1.40 each
2 to 3 foot size, \$1.65 each

C581 QUINCE, Flowering
Early flowering, medium height shrub, noted for its dazzling display of brilliant scarlet flowers in early spring. Blooms remain on plant from April to May. The plant is dense, low (4 to 6 ft.). Excellent for cutting and use in modern flower arrangements in the house. Shrub useful as specimens and in the foundation and border plantings. Glossy foliage.
1 1/2 to 2 foot size, \$2.25 each
2 to 3 foot size, \$2.75 each

C553 SNOWBERRY, Improved
Sometimes called "Waxberry." Just like Coralberry above, except berries are snow-white.
1 1/2 to 2 foot size, \$1.35 each
2 to 3 foot size, \$1.60 each

C544 SPIREA, Anthony Waterer
Blooms from July until frost. Bright rosy crimson flowers in clusters. Favorite for foundation planting, entrance, for edging taller shrubs and as a low blooming hedge. Dwarf grower.
1 to 1 1/2 foot size, \$1.85 each
1 1/2 to 2 foot size, \$2.10 each

C509 SPIREA, Froebel
Large clusters of rosy-pink bloom similar to Spirea Ant. Waterer. Taller growing than Ant. Waterer. Blooms well, even in shady places. Excellent for low growing, untrimmed hedges, foundation and entrance plantings. Dwarf.
1 1/2 to 2 foot size, \$2.00 each
2 to 3 foot size, \$2.20 each

C585 DEUTZIA, Slender
One of the best hardy dwarf-growing 2 to 3 ft. shrubs. Small snow-white flowers practically cover the bush in May. Attractive for bouquets. Branches arching. Useful for low foundation planting, entrances or in front of tall shrubs. Makes a beautiful low-flowering hedge.
1 to 1 1/2 foot size, \$2.65 each
1 1/2 to 2 foot size, \$2.95 each

C532 FORSYTHIA, Showy Border
"Golden Bell" is the common name for all varieties of Forsythia. Great masses of bright yellow, bell-shaped flowers cover the plant for 4 to 6 weeks in March and April before leaves appear. Grows to a medium height of 4 to 6 ft. with arching branches. Use in foundation and border plantings. Its extreme hardiness and easy culture make it a top favorite. Showy Border is an improved Border Forsythia with larger blossoms, and blooms even more profusely.
1 1/2 to 2 foot size, \$1.50 each
2 to 3 foot size, \$1.75 each

C542 HYDRANGEA P. G.
Drooping and spreading. Medium tall-growing 4 to 6 ft. Very large cone-shaped clusters of white flowers turning to pink for 9 weeks beginning in July. Wide spreading dense top from one or more stems. Can be pruned to "tree-form" if desired. Makes medium to large bush, used at foundations and in yard plantings. One of the most effective uses is to plant in front of taller growing shrubs.
1 1/2 to 2 foot size, \$1.95 each
2 to 3 foot size, \$2.75 each

C521 MOCKORANGE, Lemoine
Upright, Medium grower 5 to 8 ft. Small cup shape, fragrant, white bloom beginning in May and continuing four weeks. Used at foundations and in yard plantings. Fine for medium tall flowering hedge. The abundance of bloom is surpassed only by its beauty.
1 1/2 to 2 foot size, \$1.25 each
2 to 3 foot size, \$1.50 each

C514 MOCKORANGE, Virginal
Upright, Medium tall-growing 4 to 6 ft. Extra large, double white flowers are cup-shaped. Very fragrant. Begins to bloom in June and continues through October. Makes small, narrow bush. One of the finest of all flowering shrubs for foundations, yard plantings or shrub borders.
2 to 3 foot size, \$2.75 each
3 to 4 foot size, \$3.00 each

C531 PRIVET, Regal
An all purpose shrub. Grows to a height of 4 to 6 ft. Arching branches covered with tiny fragrant white flowers for 3 weeks in late May and early June. Attractive glossy foliage. Used at foundations and in yard plantings.
1 1/2 to 2 foot size, \$1.90 each
2 to 3 foot size, \$2.20 each

LILAC, French Budded
One of the most beautiful of the flowering shrubs. Equally good planted singly in groups of the same variety or in a combination of different varieties. Available in the following choice varieties.
C549 "Belle de Nancy" Lilac (Double Pink)
C547 "Ludwig Spaeth" Lilac (Purp. Red)
C548 "Mme. Abel Chatenay" (Dbl. White)

STARK TREES-And You Plant the Best!

Only from Stark Trees Do You Get These Extra Benefits

\$21.45 Worth of Apples on 3-Year Stark Golden Delicious Tree

"3 years ago we ordered three 'Gold-Mine' Orchards from you and we are now in position to mail out Christmas boxes with a dozen Stark Golden Delicious in a box.

"We have apples that are 4 inches across them now. One tree has 146 apples on it and has been planted here 3 years and it was a hard winter and spring here on them."—Mrs. Lynn McDonald, Barry County, Michigan.

\$24.00 Worth of Cherries from 5-Year Stark Gold Tree

(excerpt from Moberly, Mo. paper)

"John L. Widner delivered 33 pounds of Stark Gold Sweet Cherries in Moberly which sold at 40 cents a pound. This 33-pound delivery was part of the crop from one tree, as the family used about half of the crop at home. Widner estimates the yield from this one tree to have been about 60 pounds. It is a 5-year tree and has borne a good crop the past two seasons.

"This Stark Gold Cherry is hardy, a regular and heavy bearer and is one cherry the birds let me pick—some call it the 'bird-proof cherry,' Mr. Widner said."

\$4.00 a Bushel for Peaches from 3-Year Stark Trees

"My Hal-Berta, J. H. Hale and Red Bird Cling Peach trees I bought from you 3 years ago had the finest peaches on them I ever saw. They weighed 14 ounces. I sold them for \$4.00 a bushel and got 5c apiece for selected ones. I gathered as much as 1½ bushels per tree. I can recommend Stark trees as the finest, fastest growing trees I ever saw." — John W. West, Cherokee County, Ala.

\$4,850.00 Crop of Burbank July Elberta Peach

W. A. May of LaMar County, Texas sold his 1948 crop of Burbank July Elberta Peaches from his young 10-acre orchard for \$4,850.00—\$485.00 per acre. Mr. May recently wrote us:

"My orchard is set out on 25 foot centers giving me about 69 trees to the acre. I have only Burbank July Elberta Peach Trees in my orchard and I must say that Stark Trees are second to none."

Stark Trees Added \$1,200.00 to Selling Price of Lot

"I have five half-acre lots eleven miles from Chicago," writes Mr. O. R. Moore.

"My friend, Mr. Brown, who is Vice-President of one of the largest real estate firms in the city, was offered \$1,200.00 MORE for one of his half-acre lots simply because his fruit trees, planted every 30 feet, were loaded with all kinds of fruit—and these were 4-year-old trees."

Stark World's Champion Fruit Trees would add \$6,000.00 to the value of Mr. Moore's five lots on this same basis, and one crop of high quality fruit often pays the entire cost of the trees.

"Stark Trees Too Low Priced," C. M. Mathis, Ky.

"We planted the trees you sent us. We were very much delighted in your choice trees. The only criticism we have is you sell your trees too cheap, when you consider the high grade of trees you place on the market."

Stark Trees Helped Sell Old Place—Wants Bigger Stark Orchard on New Farm

"I am sure our home orchard on the place we sold helped to sell the place. Our Starking Delicious and Stark Golden Delicious apple trees and our Hal-Berta Giant peach and July Elberta peach trees bore a few fruits the second year after planting. I am most anxious to get a larger orchard started on our new 30-acre farm. Please rush me your catalog, so I can get started planning my new orchard."—B. L. Powers, Pulaski Co., Ark.

Stark Orchard Cost Him \$80.00—Helps Get \$3,950 More for His Place Only 6 Years Later

"I bought about \$80.00 worth of trees from you about 5 or 6 years ago for my small place which had cost me \$550.00. I sold out for \$4,500.00. My Stark orchard helped me sell the place and make a good profit. I have bought a new place now—and will buy again from you."—Chas. A. Coleman, Pike Co., Kentucky.

From Home-Grown Fruit You Get—

VITAMIN "A" This vitamin helps the eyes, wards off colds and other infections as well as promotes growth. When Vitamin "A" is left out of the diet, eye trouble, such as night blindness and infection of the eyes has resulted.

VITAMIN "B" With Vitamin "B" from fruits a healthy nerve system is maintained. Lack of Vitamin "B" causes neuritis.

VITAMIN "C" Vital to the maintenance of sound bones and teeth. This vitamin has long been a cure for scurvy, but is still more important in overcoming body poisons.

VITAMIN "G" This is the appetite vitamin. It promotes digestion and growth which makes for healthier people.

MINERALS Essential minerals are available in fruits including Calcium, Phosphorous and Iron. These are all important elements of the body for complete health. They play a vital part in bone building and making red blood as well as keeping a balanced condition in stomach and other internal tissues.

Leading medical authorities are recommending apples in various forms as a definite cure for intestinal diseases of infants.

PECTIN The pectin in fruits promotes proper intestinal activity. It combines with water to form non-irritating bulk, helps to cure intestinal troubles by serving as a potent healing agent on internal membranes.

ROUGHAGE Scientific research has proved that fruits serve as a mild, gentle laxative inducing regularity. Fruit helps keep intestinal tract normal and trouble free.

ENERGY Home orchard fruits have an ample supply of dextrose sugar in pre-digested form, thus being available instantly for energy, but non-fattening. Fruit is an important factor in reducing diets.

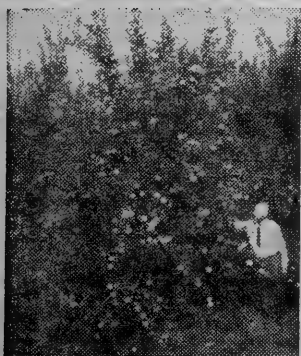

DENTIFRICE Fruits serve as nature's toothbrush, giving gum massage and bone exercise. Dr. H. T. Knighton of the University of Louisville reported, at American Dental Association that in recent tests three minutes of tooth brushing plus mouth rinsing with antiseptics killed 64.3% of mouth bacteria. Chewing apples killed 96.7% of bacteria.

"If You Want to Make a Lot of Money, Plant High-Quality Fruit Trees," says A. O. Eckert

"The money-making possibilities of Stark Golden Delicious are without comparison," continued Mr. Eckert, "and we have found during the last 40 years that there is MORE MONEY in growing high-quality, tree-ripened fruit than in any other farm crop."

"My Stark Golden Delicious started to bear young—a few apples at 3 or 4 years old—and by the time they were 6 or 7-year-old were in heavy production. We harvested from these 2200 7 years old Stark Golden Delicious—five (5) consecutive crops totaling 54,051 bushels.

"I used to raise about 1,000 hogs a year and sold country cured hams, but I gave that up and now devote all of my time to growing fruit. I find that if you want to make a good living and a little money, you raise hogs. If you want to make a good living and a lot of money, you grow tree-ripened 'quality' fruit—and plant only 'quality' trees from Stark Record-Bearing parents."

"My 2200 Stark Golden Delicious bore 10,051 bushels when 7 years old. 5 consecutive crops from these trees totaled 54,051 bushels."—A. O. Eckert, Ill.

Extra Profits from

Stark Patented and Trade-Marked Varieties

An official nation-wide survey on Apple varieties made by the American Pomological Society recently revealed that Stark Patented and Trade-Marked Varieties are top favorites from Coast to Coast. Starking Delicious and Stark Golden Delicious were first, with Jonared, Scarlet Staymared, etc. next in order of preference. This preference adds millions of dollars every year to the profits of growers because the public eagerly pays Premium Prices for this Larger, More Deliciously FLAVORED, More Beautifully COLORED Fruit. And just think!—You can now grow YOUR OWN STARK FRUIT right in your own back yard when you buy Genuine Stark Trees.

What Stark "Record-Bearing" Strains Mean to You

Each variety of Fruit Tree we now offer is propagated from the best Parent Tree possible to locate. These Parent Trees are scientifically selected after years of careful research, testing and record-keeping of tree and fruit characteristics.

Every farmer knows that he gets bigger crops from Hybrid Seed Corn and gets finer livestock from thoroughbred parents. He knows that Stark Trees, propagated direct-in-line from our "Record-Bearing Strain" Parents, assure finer fruits, bigger crops and quicker profits.

Every New Stark Variety Is Pre-Tested for You

Before a New Fruit or Plant is offered to Stark Customers, it must stand this test: It must prove itself to be an IMPROVEMENT over any similar variety in the famous Stark-Burbank Test Orchards, where virtually ALL Leading Varieties are growing for comparison.

After it has successfully stood this test, it is sent to Experiment Stations and leading growers for further testing in different types of soil and under different climatic conditions before Stark Bro's introduce it. This is further assurance that Stark Trees and Plants will succeed for you, no matter where you live.

How to Select Varieties

HARDINESS—After descriptions in catalog, key letters—NCS—show region where the variety grows successfully—NN means Far North; N, North; C, Central; S, South; hence NCS means it grows well North, Central, South.

POLLINATION—There are probably enough Fruit Trees growing near you to pollinate those you plant. To make sure of cross-pollination select different varieties. It is best to plant at least 2 Apple varieties, 2 or more Pear, Plum, Sweet Cherry and Peach.

\$5.00 MINIMUM ORDER. Stark Bro's lose money on orders totaling less than \$5.00. In the event order totals less than \$5.00, please add 50c to the total to help cover cost of handling. This applies to Stark Nursery Stock only—not to Stark Tre-Pep, Orchard Fertilizer, Spray Materials, Strawberries.

America's Greatest Family of Nurserymen-6 Generations of Starks - With 137 Years Experience

When you buy your Fruit Trees from Stark Bro's—you get every benefit and advantage of more than 136 years of leadership in the Fruit and Plant World. Stark Bro's have developed and introduced more valuable, successful, famous New Fruits than all other nurseries combined.

Stark Trees and Plants pass 5 inspections. Official State Inspectors regularly check and certify all Stark Nursery Trees and Plants. Before shipment they must be again inspected and approved by our superintendent. Five times these trees must pass inspection at the hands of experts who have definite instructions to throw out every tree that does not measure up to the high standards we have set. This is your assurance that every Stark Tree and Plant is as near perfect as a tree or plant can be.

STARK'S 3-WAY GUARANTEE ON ALL TREES AND PLANTS

- 1. GUARANTEED** that every Stark Tree and Plant you receive is true to name or money back, free from disease, State-inspected and in good, live planting condition.
- 2. GUARANTEED** that every Stark Tree or Plant arriving in unsatisfactory condition will be replaced ABSOLUTELY FREE, provided you notify us by letter within 2 weeks from date you receive it.
- 3. GUARANTEED** that, if any Stark Tree or Plant that is given reasonable care does not grow the first Summer, we will share the loss with you by replacing it at 1/2 your cost, provided you notify us before September 1st following planting. (See "True to Name" on Order Blank.)

Introduced More Fruits than ALL Others

Hon. E. P. Powell, famous Horticultural author, wrote:— "There are two kinds of men dealing with Fruit Evolution. One of these is the Burbank sort, applying science to the

"WIZARD OF HORTICULTURE"
LUTHER BURBANK

development of new sorts. If Burbanks are wizards, Stark Bro's are the Saviors." Stark Bro's have unquestionably introduced more Valuable, Successful, Famous New Fruits than all other nurseries combined.

Sole Heirs to Luther Burbank's Amazing New Fruit Miracles

When Luther Burbank, the Master Plant Breeder, realized that the end of his remarkable work was near, he named Stark Bro's exclusively to continue his world-famous experiments. And Stark Bro's alone were selected by the Wizard of Horticulture to introduce his new discoveries and creations to fruit and plant growers everywhere.

Men of little faith scoffed at Luther Burbank when, in 1893, he printed his first little catalog of "New Creations" in Plant and Fruit Life—including new fruits, larger and more beautiful and far more delicious than had ever before been known. But a small handful of kindred Pioneers possessed the faith and foresight to recognize the genius of this Maker of Miracles. Outstanding among these Pioneers were the nationally known Nurserymen, Orchardists and Horticulturists, the Stark Brothers.

Helped By Stark Bro's From The Start

The Fourth Generation of Stark Nurserymen in Missouri had not only the birthright and background to give them faith in Luther Burbank, they also were able to back up this faith with financial support at the very time when Burbank's future and the future of his history-making fruit and plant creations hung on that support.

The Stark Brothers bought from Luther Burbank the sole rights to the FIRST TREES of "New Creations" the Wizard of Horticulture ever sold. For these exclusive rights Stark Bro's paid the Master Plant Breeder what at that time was the fabulous sum of \$9,000.00.

As a consequence of this vision and financial support and because, in all the world, the Stark Family was the one best equipped by tradition and experience to carry on this miraculous work, Stark Bro's Nurseries—and Stark Bro's alone—were chosen by Luther Burbank to spread his great work throughout the world.

Today, over 100 years after the birth of Luther Burbank, Stark Bro's are proud to share with you the greatest achievements of "The Green-Thumbed Pioneer" whose great intellect, boundless imagination and patient hands gave the world the most remarkable new kinds of Plums, Plumcots, Peaches, Cherries, Quinces and other fruits ever developed for the greater happiness and health of mankind.

Enjoy Glorious, Spectacular Early Spring Color Around Your Home

NEW LUTHER BURBANK ROSE TREE

**Bear Spectacular Blossoms and
Delicious Peaches. U. S. Patent.
Trees Sold ONLY by Stark Bro's.**

In early Spring Burbank's Double Rose-Flowering Peach Trees create a sensation with their spectacular masses of colorful bloom. One of our customers in Chicago told us they stop traffic on his street when they are in bloom. They also bear delicious freestone peaches. Start to bloom and bear when only 2 years old and will thrive in any climate where peach trees grow.

Both "Santa Rosa" (Red) and "Orchid" (Pink) are prized for planting in Shrub Borders, along Driveways, as Specimen Lawn Trees, and for Mass plantings. Semi-Dwarf.

"You Did Not Do Justice to Santa Rosa Double-Flowering Peach in Your Catalog," wrote Mrs. M. E. Pluck of Ohio. "You merely say it is edible. It is the best flavored peach, produces more fruit and outdoes every tree I have."

Planted for Beauty of Bloom Alone — Also Got Fruit. "I planted both Santa Rosa (Red) and Orchid (Pink) Double-Flowering Peach Trees for the beauty of their rose-like blossoms. Now they are bearing peaches which are so honey-sweet and delicious they are prized by my family for eating and also for canning." J. W. Minihan, Mo.

WHY SUCH A LARGE PERCENTAGE OF STARK BRO'S BUSINESS EVERY YEAR COMES FROM FORMER STARK CUSTOMERS

Began Picking Fruit 1 Year After Planting. "When my trees were only 1 year old I began picking Peaches, Plums, Cherries and Pears from them. I gathered ½ bushel of Grapes from 3 vines—1 year old.

"I have never seen trees grow as fast and bear as young. I am enclosing a snapshot showing one of my peach trees. I feel that Stark Bro's trees and shrubbery enabled me to sell my place. People were quick to see the advantage of using Fruit Trees to provide shade, beauty and fruit." — L. E. Sooter, Okla.

Thank You for Such Fine, Large Trees. "They were the finest I have ever seen anywhere. I have bought from several other reliable nurseries, but their trees look sick compared to yours." — Edward H. Blanks, Va.

Amazed at Size of Trees and Shrubs. "Our Fruit Trees and Shrubs have all arrived and been set out. It has already made a difference in the permanent look of our home. We were amazed at size of trees and shrubs and excellent condition of roots." — Fernetta Lusher, Ind.

PLANT NOW FOR HEALTH AND SECURITY IN THE YEARS AHEAD --
PLANT THIS SPRING AND GAIN A FULL YEAR

Dear Friend:

The best time of all to plant Fruit Trees, Ornamental Trees and Flowering Shrubs is **RIGHT NOW -- this Spring!** The finest investment for the future is the orchard or even the single Tree you plant today!

For best results -- for greatest yield -- for outstanding fruit year after year, you must choose carefully the trees you plant. Make sure they are healthy, hardy stock in the newest, most profitable varieties. And these will be Stark Old Oak Process Whole-Root Trees -- obtainable only from Stark Bro's at Louisiana, Missouri.

**more trees NOW -- this
Sensational Offer -- free**

**lost to you. See complete facts
page. But hurry -- this offer
closes April 30, 1955.**

Save a Year. By planting this Spring, you will be saving a year's growth -- you'll be getting fruit a whole year sooner. Don't miss this opportunity to protect your family's health in the years to come, when food of all kinds may be rationed and difficult to get. All of us remember what happened during World War II -- and, fortunately, now you can do something this time to protect yourself should the same conditions occur again.

Dollars in Your Pocket. After growing enough to supply your family needs and those of your friends, you can sell the surplus at a handsome profit every year. Stark New Varieties bear earlier, of course, and our exclusive new sorts always bring top-of-market prices.

And to help you even more, Stark Bro's offer their Easy Payment Plan, which allows you to pay for your trees while they are growing. Buy all the trees you need NOW and get them started, and then pay for them at intervals that will be easy on your budget.

Make your home even more attractive, even more livable. Plant your Stark Shade Trees, Vines, Shrubs and other Ornamentals **THIS SPRING --** and save by ordering now. You can bring glorious color to your home from early Spring to late Fall by planting Stark's sturdy, well-rooted Ornamentals. Even a few dollars spent in Stark Roses, Vines and Shrubs will add hundreds of dollars to your property value -- and help make your home one of the most attractive in the neighborhood.

**HERE'S A WONDERFUL MONEY SAVING SURPRISE
PLUS IMPORTANT PLANTING HINTS YOU'LL WANT TO FOLLOW!**

Dear Stark Friend:

Folks often write to Stark Bro's and ask, "What is the BEST time of the year to plant my Stark Fruit Trees, Shrubs, Vines, Roses and Shade Trees?" We think you'll find Stark Bro's answer to this question helpful in planning your home and orchard plantings:

Based on our long experience and constant research . . . we recommend fall planting as the very best time of the year to set out your Stark Fruit Trees, and Home Beautifying Nursery Stock in your part of the country. Planting in the fall gives your trees, shrubs, vines and roses a real opportunity to take root in the soil . . . assures full benefit of the early spring rains . . . gives every growing thing a flying start when the weather turns warm in the spring! You often gain a full year's growth by planting in the fall.

The time to order your Stark Fruit Trees and Landscape Ornamentals is **RIGHT NOW**. You'll be sure of full selections of the most popular varieties while our stock is complete. We're especially proud of our Stark nursery stock this year . . . growing conditions have been excellent, assuring extra-large, extra-full root systems that are ideal for planting this fall in your yard or orchard.

Our Stark friends who order **NOW** profit still another way! As a special inducement to help us plan our shipments ahead of time, and to be sure you gain the advantages of fall planting, we are extending our special "Early Customer Offer" to you! I won't take space here to tell you about it . . . so be sure to refer to the Special Offer Coupon on the reverse side of this letter for details. This offer is good for a limited time only.

STARK SUPER QUALITY FRUIT GIVES PLEASURE . . . HELPS CUT HOME FOOD COSTS

Just picture the big, luscious, vitamin packed Stark Apples, Pears, Peaches, Plums, Cherries and other world famous super quality fruit **GROWING ON YOUR OWN TREES!** You can grow better fruit than you can buy when you plant Stark U.S. Patented and Trade Marked varieties, developed and sold exclusively by Stark Bro's — featuring the Starking Delicious Apple, Stark Golden Delicious Apple; Starking Delicious, July Elberta and Halberta Peaches; Hardy Giant, Gold Cherries, and many more.

Enjoy the pleasure and satisfaction of growing your own fruit . . . plenty for jam, jelly, preserves . . . a source of healthful, low-cost food all year long!

(Please see back page)

Now you have your choice of many new Stark Fruit Varieties in both the amazing "Dwarf" size trees as well as the full Standard size trees. "Stark Dwarfs" mature to attractive low height for lawn planting; bring glorious colored bloom to your grounds in spring and bear wonderful size fruit later on!

PLANT YOUR STARK ORNAMENTALS IN FALL . . . ENJOY COLOR IN SPRING

Plan the outside of your home so that you'll have color from early spring to late fall. You can do it . . . and at surprising little cost . . . by planting Stark sturdy, well-rooted Shade Trees, Flowering Shrubs, luxurious Spreading Vines, lovely Roses and other Stark "Ornamentals".

You can buy with confidence when you order from Stark Bro's. Our nursery is the world's largest and America's oldest. Today our company is owned and managed by the fifth generation of the Stark family. This is our 138th year . . . you can rely on an old established firm like ours!

Count on all of us here at Stark Bro's to see that your order receives the most careful and exacting attention. Order now . . . take advantage of our "Early Customer Offer" . . . (see coupon below). Let us know which trees and nursery stock you want us to set aside for you. Shipment is always made when planting conditions are best for your particular part of the country.

P.S. If you grow . . . or plan to grow . . . fruit for profit, be sure to ask for special Commercial prices on orders of 50 trees or more.

Sincerely yours,
STARK BRO'S NURSERIES.

Stark Bro's Nurseries & Orchards Co. — Louisiana, Mo.

FOLD ALONG DOTTED LINE

The signer of this order understands that in order for him to
 procure genuine fully-tested and developed plant varieties listed
 in this purchase agreement, and others, Stark Bro's Nurseries
 & Orchards has adopted original trade-mark names for its
 varieties to enable identification and ordering of the same, and
 has registered its exclusive rights to such trade-marks under the
 various State and Federal Laws. This applies to Stark Bro's
 Starking Delicious apple trees, Stark Golden Delicious apple
 trees, Scarlet Staymared apple trees, and Stark Bro's Luther
 Burbank new tree and plant varieties as listed hereon and
 others. Owing to the great expense of the widespread testing
 and investigation of these valuable trees and plants, the pro-
 tection of the same by the United States Patents, and trade-
 mark registrations and the costs of their introduction, Stark
 Bro's Nurseries & Orchards Co. is protecting the public as
 well as itself, from the imposition and substitution often
 practiced by unscrupulous dealers. This is intended among
 other things to prevent unauthorized persons and fakers from
 misbranding and marketing inferior trees and fruits as genu-

ine. The signer understands that all patented and trade-marked
 varieties purchased under this agreement are for his own use
 only and not for use by others and that asexual reproduction
 and/or sale of such varieties or reproducing material therefrom
 without permission from Stark Bro's Nurseries & Orchards
 Co. is prohibited. Therefore, in consideration of this agree-
 ment, Stark Bro's Nurseries & Orchards Co. agrees to furnish
 the signer of this order the varieties named in this purchase
 agreement which are herein ordered.

MONEY BACK: In the event that any nursery stock proves
 to be untrue to name as labeled, if notified the first fruiting
 or blooming season, Seller Company agrees, on satisfactory
 proof, to refill that portion of the order untrue to name, or
 at its option to refund the purchase price. Such action upon
 the part of the Seller shall constitute full and complete ad-
 justment and release.
